Minutes meeting 5-3

Opened 14:04
Closed 14:23

Additions to agenda:
None

Remarks on last week's minutes:
State who the next secretary/president are.

Progress on the design phase:

- Server stuff mostly done

- Activity class diagrams mostly unfinished

- For the UI design decisions: Give a few lines of motivation for everything (has to be only once for elements if you have a consistent UI)

- Specify some modular architecture for server

- State diagram has not been started yet, will be done after class diagrams.

Prototyping:
Google maps: no success yet

For chat it might be convenient to use something like Jabber

We should read into push notifications for android (internal/external messages/notifications).

Final remarks:

No requirements presentations (unlike what it says in the study guide), but there will be presentations of the design document Friday the 13th.

Fill in the logbooks!

Work division: Same as in the previous minutes.

Next meeting:

Chair: Perry

Secretary: Nick Braat
